Final Redemption Amount on the Maturity Date

If no early redemption has occurred and the Securities have not otherwise been redeemed or purchased and cancelled in accordance with the General Conditions, the following scenarios are possible on the Maturity Date depending on whether a Knock-In Event has occurred.

The following scenarios may occur:

Scenario 1:

If no Knock-In Event has occurred, Cash Settlement will apply and the Final Redemption Amount in respect of each Security (of the Specified Denomination) shall be an amount in the Specified Currency equal to the Specified Denomination.

Scenario 2:

If a Knock-In Event has occurred and:

- (a) the Final Price of each Share is **equal to or greater than** its respective Put Strike (as determined by the Calculation Agent), Cash Settlement will apply and the Final Redemption Amount in respect of each Security (of the Specified Denomination) shall be an amount in the Specified Currency equal to the Specified Denomination; or
- (b) the Final Price of any Share is **less than** its respective Put Strike (as determined by the Calculation Agent), Physical Settlement will apply and the Issuer's redemption obligation in respect of the Securities shall be discharged on the Maturity Date by the Issuer (i) delivering or procuring the delivery of the Reference Asset Amount of the Worst Performing Share and (ii) paying the Residual Cash Amount in respect of the Worst Performing Share.

Where:

“Reference Asset Amount” means the number of Shares of the Worst Performing Share as set forth in the column headed “Ratio” in the above table rounded down to the nearest whole Share and the **“Ratio”** in respect of the Worst Performing Share shall be an amount determined by the Calculation Agent in accordance with the following formula:

$$\text{SD / Put Strike}$$

“Residual Cash Amount” means an amount determined by the Calculation Agent in accordance with the following formula:

$$\text{Residual Amount} \times \text{Final Price}$$

“Residual Amount” means an amount determined by the Calculation Agent as equal to the fraction (rounded to 4 decimal places with 0.00005 being rounded upwards) obtained by calculating the Ratio and deducting the Reference Asset Amount.

Worst Performing Share

The Share with the lowest performance calculated by the Calculation Agent in accordance with the following formula:

$$\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$$

For the avoidance of doubt, if two or more Shares have an identical performance, as determined by the Calculation Agent, then the Calculation Agent shall determine which Share shall be the Worst Performing Share in its sole and absolute discretion, and such Share shall be the Worst Performing Share.

Initial Price

In respect of AU UN Equity, B UN Equity and NEM UN Equity, the Closing Share Price on the Initial Valuation Date, as shown in the Reference Asset table above, under the column headed “Initial Price”.

Related Documentation

Any Securities to be issued will be issued in accordance with the terms and conditions set out in the offering circular for the J.P. Morgan Structured Products B.V./ JPMorgan Chase Financial Company LLC / JPMorgan Chase Bank, N.A./ JPMorgan Chase & Co. Structured Products Programme for the issuance of Notes, Warrants and Certificates (the "**Programme**") dated 16 April 2026 (the "**Offering Circular**") (as may be further supplemented up to and including the Issue Date) together with the corresponding Pricing Supplement for this specific proposed issue of Securities. The Pricing Supplement will be available with respect to a private placement on the Issue Date of the Securities. The offering of Securities shall be based solely on the Pricing Supplement prepared for the relevant issue of Securities and the terms contained therein shall be binding between the Issuer and the investor. The Pricing Supplement shall supersede all versions of the Term Sheet.

Certain capitalised terms used in this document which are not defined shall have the meanings given to them in the Offering Circular.

A copy of the Offering Circular may be obtained from the Luxembourg Stock Exchange's website (www.luxse.com) and the J.P. Morgan Retail Derivative Products web portal (<https://sp.jpmorgan.com/spweb/content/download/2592473>).

Copies of the documents mentioned above may be obtained from your J.P. Morgan representative upon request.

Any offering of the securities described in this Term Sheet will be made in the European Economic Area (EEA) pursuant to Article 1(4) of Regulation (EU) 2017/1129 (as amended) and, accordingly, no prospectus is required to be published in connection with such offering in accordance with Regulation (EU) 2017/1129, although a prospectus may be required to be published in connection with any listing of the securities in the EEA.

Any offering of the securities described in this Term Sheet will be made in the United Kingdom pursuant to an exemption under Part 1 of Schedule 1 to the POATRs from the prohibition in Regulation 12 of the POATRs on the offering of securities to the public in the United Kingdom. Any such offering may or may not involve the publication of a prospectus for the purposes of the rules of the Financial Conduct Authority (the "**FCA**") in its Prospectus Rules: Admission to Trading on a Regulated Market sourcebook ("**PRM**") made under the POATRs in connection with any listing of the securities in the United Kingdom.

The Offering Circular will be supplemented and restated after the date hereof from time to time. Investors who purchase Securities after the date of the applicable Pricing Supplement should review the most recent restatement (if any) of the Offering Circular and each supplement thereafter up to (and including) the date of purchase to ensure that they have the most up to date information on the Issuer and (if applicable) the Guarantor on which to base their investment decision. Note that the terms and conditions of the Securities will remain as described in the applicable Pricing Supplement and the version of the Offering Circular described in the Pricing Supplement, subject to any amendments notified to holders. Each supplement and restatement to the Offering Circular can be found on (www.luxse.com), (www.ise.ie) and/or the J.P. Morgan Retail Derivative Products web portal (<https://sp.jpmorgan.com/spweb/index.html>).

Risk Factors

Investing in the proposed issue of Securities involves a number of risks. See the section entitled "Risk Factors" in the Offering Circular from pages 37 to 154 and, if applicable, in the Pricing Supplement relating to the specific issue of Securities.

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended, and the final U.S. Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30% withholding tax (unless an income tax treaty applies) on dividend equivalent amounts paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities. Section 871(m) provides certain

exceptions to this withholding regime, in particular for instruments linked to certain broad-based indices that meet requirements set forth in the applicable Treasury regulations (such as an index, a "**Qualified Index**"). Additionally, a recent Notice published by the Internal Revenue Service ("**IRS**") excludes from the scope of Section 871(m) instruments issued prior to 2027 that are not "delta-one" instruments with respect to underlying securities that could pay U.S.-source dividends for U.S. federal income tax purposes (each an "**Underlying Security**"). Based on certain determinations made by the Issuer and its affiliates, the Issuer expects that Section 871(m) will not apply to the Securities with regard to Non-U.S. Holders. Such determination is not binding on the IRS and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on a Holder's particular circumstances, including whether a Holder enters into other transactions with respect to an Underlying Security. Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Securities.

Receipt of Commission or Fees or Monetary or Non-monetary Benefits

The financial intermediary represents and warrants that:

- A. any fee or commission (including, if applicable, by way of discount) paid or payable or non-monetary benefit provided or being provided to it by the Dealer complies with all applicable law,
- B. it undertakes to maintain a record as to how such fee, commission or non-monetary benefit complies with all applicable law and make such records available to the Dealer on request;
- C. it undertakes to fully disclose the existence, nature and amount of any fee, commission or non-monetary benefit to its client and it acknowledges that the Dealer will not make any such disclosure;
- D. it has determined that the receipt of any fee, commission or non-monetary benefit does not conflict with its duty to act in the best interests of its client; and
- E. it has determined that the fee, commission or non-monetary benefit is designed to enhance the quality of the service provided by it to its client including that:
 - 1. it is justified by the provision of a higher level service to its client and is proportional to the level of service received;
 - 2. does not directly benefit the financial intermediary, its shareholders or employees without tangible benefit to its client;
 - 3. with respect to any fee, commission or non-monetary benefit payable or being provided on an ongoing basis, is justified by the provision of an ongoing benefit to its client; and
 - 4. the provision of the service to its client is not biased or distorted as a result of the fee, commission or non-monetary benefit.

The financial intermediary acknowledges and agrees that the Dealer will not be required to and does not intend to sell Securities to it at a discount to the issue price or pay any fee or commission where applicable law would prohibit the financial intermediary from receiving such fee or commission or acquiring Securities at a discount to the issue price. If Directive 2014/65/EC of the European Parliament and of the Council of 15 May 2014 on Markets in Financial Instruments (including where applicable as implemented under UK law, such implementing legislation being preserved under UK law by virtue of the European Union (Withdrawal) Act 2018 (as amended) ("MiFID II")) or the UK FCA's Conduct of business sourcebook rules ("COBS Rules") apply to the financial intermediary and it provides portfolio management services or independent investment advice and, where permitted by applicable law, it accepts or retains fees, commissions or any monetary or non-monetary benefits from the Dealer, the financial intermediary acknowledges and agrees that it will transfer and allocate such fees, commissions or any monetary benefits to each client, pursuant to such applicable law, as soon as reasonably possible after receipt in line with MiFID II or the UK FCA's COBS Rules.

The Dealer

In connection with any offer, sale and issue of Securities referred to in this Term Sheet, the Dealer is acting as principal and not as agent of the proposed issue of such Securities. Any agreement to issue Securities shall be subject to approval by the proposed issuer of the Securities (or such other issuer as may be agreed between J.P. Morgan and the financial intermediary) as set out in the Pricing Supplement relating to such Securities. The Issuer has no obligation to issue the proposed Securities.

Potential Conflicts

J.P. Morgan plays a variety of roles in connection with the proposed issue of Securities, including acting as Calculation Agent and hedging of the Issuer's obligations under the Securities, as well as Issuer, Guarantor (if applicable) and Dealer. In performing these duties, the economic interests of J.P. Morgan are potentially adverse to the interests of holders of such Securities.

Structured Products Terms of Business

To the extent that the purchaser purchasing the issued Securities for distribution to third parties or, if applicable, introducing broker of such Securities, has not signed the Structured Products Terms of Business of the Dealer and its affiliates (the "JPMorgan Group") ("Terms of Business") or a distribution agreement with a member of the JPMorgan Group, by its agreement to purchase and distribute to its clients, or procure the purchase of such Securities, such purchaser or introducing broker is deemed to agree to accept and be bound by the Terms of Business, including but not limited to, its obligations owed to the Dealer and its affiliates and its covenant to indemnify the Dealer and its affiliates for any losses incurred as a result of any failure by it to comply with its obligations, duties and representations thereunder, and that the purchase and distribution of such Securities are subject to the Terms of Business (copies of the Terms of Business may be obtained on request and, in any event, have been sent to such purchaser or introducing broker by registered mail).

Where the financial intermediary has entered into terms of business with the Dealer, the Structured Products Terms of Business, rather than those terms of business, shall govern the financial intermediary's relationship with the Dealer in relation to the distribution of the Securities.

Compliance with Anti-Corruption Laws and Regulations

The financial intermediary represents that it is in compliance with, and will remain in compliance with, all laws, rules, and regulations of any jurisdiction applicable to the parties concerning or related to bribery or corruption (Anti-Corruption Laws and Regulations). No part of the payments received by the financial intermediary, directly or indirectly, from J.P. Morgan, will be used for any purpose that would cause a violation of Anti-Corruption Laws and Regulations. J.P. Morgan may terminate the Terms of Business immediately upon written notice in the event that it concludes, in its sole discretion, that the financial intermediary has breached this or any other representation or warranty related to Anti-Corruption Laws and Regulations, or that a breach is substantially likely to occur unless the Terms of Business is so terminated.

Compliance with the Selling Restrictions

When marketing, promoting or purchasing any issued Securities, the financial intermediary represents and warrants to observe the Selling Restrictions as reflected in the Pricing Supplement prepared for the relevant issue of Securities and the terms contained therein.

Additional Selling Restrictions

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "EU PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS

- (b) in the case of any Securities being offered, sold, distributed or otherwise made available on or after the day on which the revocation of Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") comes into force, a person who is either (or both): (i) a retail investor as defined in the product disclosure rules made by the Financial Conduct Authority ("FCA") under the Consumer Composite Investments (Designated Activities) Regulations 2024 (the "CCI Regulations"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs.

Consequently, no key information document required by the UK PRIIPs Regulation or product summary as required by the product disclosure rules made by the FCA under the CCI Regulations, for offering, selling or distributing the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering, selling or distributing the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation or the product disclosure rules made by the FCA under the CCI Regulations.

United Kingdom

If the financial intermediary is distributing JPMorgan "retail investment products" (as such term is defined in the handbook of the Financial Conduct Authority) into the United Kingdom and it receives any fee or commission from the Dealer, it represents and warrants that:

- A. the payment will not be used to fund the provision of investment advice to Retail Clients (as such term is defined in the handbook of the Financial Conduct Authority) in the United Kingdom;
- B. the receipt of such commission or fee is in compliance with the Financial Conduct Authority's rules relating to the distribution of retail investment products (the "**RDR Rules**") or that the RDR Rules do not apply to it; and
- C. it will not transfer any part of that commission or fee to any third party who may advise Retail Clients to purchase a JPMorgan retail investment product.

If the financial intermediary is authorised by the Financial Conduct Authority or Prudential Regulation Authority and regulated by the Financial Conduct Authority and/or Prudential Regulation Authority to provide investment advice to Retail Clients and it is providing advice to a Retail Client in the United Kingdom in respect of a JPMorgan retail investment product, it undertakes not to request any commission or fee from the Dealer and to otherwise

You are advised to consult your own tax adviser in light of your particular circumstances as to the tax consequences of the Securities. Tax laws can change, possibly with retroactive effect.

(A) Swiss Taxation

The Securities are transparent structured financial products each composed of a bond and one or more options and classify as "bonds without a predominant one-time interest payment" (*Obligationen ohne überwiegende Einmalverzinsung; non-IUP*).

Withholding Tax, Stamp Taxes: No withholding tax. No stamp duty at issuance (primary market) and on secondary market transactions. Stamp duty on the turnover of securities of up to 0.3% on delivery, if any, of underlying shares upon redemption if a Swiss securities dealer is a party or an intermediary to the transaction and no exemption applies.

Income Tax: Swiss resident private investors with each coupon payment receive a taxable interest payment of USD 9.25 (indicative) and a non-taxable option premium payment of USD 29.50 (indicative), in each case converted into CHF at the exchange rate at the time of payment. Any additional return on the Securities is a tax-free private capital gain on the option(s).

(B) Automatic Exchange of Information in Tax Matters ("AEOI")

Switzerland has implemented the Automatic Exchange of Information in Tax Matters ("**AEOI**") with the EU and most other countries. The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of speciality (i.e. the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection. Based on such multilateral or bilateral agreements and the implementing laws of Switzerland, Switzerland collects data in respect of financial assets,

including, as the case may be, Securities, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a EU member state or in a treaty state.

(C) U.S. Federal Income Tax
Withholding on Dividend Equivalent
Payments

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended, and the final U.S. Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30% withholding tax (unless an income tax treaty applies) on dividend equivalent amounts paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities. Section 871(m) provides certain exceptions to this withholding regime, in particular for instruments linked to certain broad-based indices that meet requirements set forth in the applicable Treasury regulations (such as an index, a "**Qualified Index**"). Additionally, a recent Notice published by the Internal Revenue Service ("**IRS**") excludes from the scope of Section 871(m) instruments issued prior to 2027 that are not "delta-one" instruments with respect to underlying securities that could pay U.S.-source dividends for U.S. federal income tax purposes (each an "**Underlying Security**"). Based on certain determinations made by the Issuer and its affiliates, the Issuer expects that Section 871(m) will not apply to the Securities with regard to Non-U.S. Holders. Such determination is not binding on the IRS and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on a Holder's particular circumstances, including whether a Holder enters into other transactions with respect to an Underlying Security. Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Securities.
